"I believe I'll just wait here until Mr. Cain wakes," Vanadium said. "I've nothing more pressing to do." If Vanadium appeared among these men, Junior would not only puke out the contents of his stomach, but also would disgorge his internal organs, every last one of them, and spew up his bones, too, until he emptied out everything within his skin..In Junior's estimation, this was not the way that a normal person lived. This was the home of a deranged loner, a dangerously obsessive man..Bright though they were at all times, Barty's Tiffany eyes shone brighter now with beams of North Pole magic. "Maybe I do feel it." "I'm sure you would be, yes, but I'm afraid I don't have the patience to teach, I'm a performer, not an instructor. I suppose I could give you the name of a good teacher."..In his seventies but vigorous and full of fun, Sparky liked to take an occasional jaunt to Reno, to pump the slot machines and try a few hands of blackjack. The off-the-record, tax-free monthly checks from Simon were gratefully received, ensuring the old man's cooperation with the conspiracy..Barty let go of the girl's hand, and although he remained dry, the storm at once found her where she'd been hiding in the silver-black folds of its curtains..The missing paintings. The missing collection of Zedd's books. You didn't take these things with you for a weekend in Reno. You took them if you thought you might never be coming back..Junior tossed garments on the floor and across the bed to create the impression that the detective had packed with haste. After being imprudent enough to blast Victoria Bressler five times with his service revolver-perhaps in a jealous rage, or perhaps because he had gone nuts-Vanadium would have been frantic to flee justice..Copyright (c) 1999 by Ursula K. Le Guin. "Dragonfly" first appeared in Legends..Up flew his hands, as white as doves, flapping as though trying to escape from the sleeves of his raincoat, as if he were a magician rather than a musician.. "It doesn't have to be grand," she said, with a seductive leer, "but if we're going to wait, then the wedding better be soon."..Max hung up. The Ansaphone made a series of small robot-mouse noises and then fell silent.. "I've got one of those faces so ordinary you see it everywhere," said Edom, and decided to tell the story of the Tri-State Tornado of 1925.. "Yes," she admitted, her face still close to his, "I'm afraid. But Dr. Chan is a fine surgeon, and this is a very fine hospital."..Oregon State Police might find at least one reason to be suspicious of the tragic scenario that he was creating. He didn't know much about the technology that police might employ at a crime scene, and he knew even less about forensic pathology. He was just doing the best job he could..No. Not exactly then. Not at the sight of the coin or the detective. He had felt this way at Vanadium's mention of the name that he, Junior, had supposedly spoken in his nightmare..which was tied a gift tag bearing a hand-printed message: With our compliments. Thanks for your business..Yet, with no recollection of rising from his chair, he found that he had shouldered his backpack and crossed the room. The three men looked up expectantly..Barty read aloud as Agnes drove, because she'd enjoyed the novel only from page 104. He wanted to share with her the exploits of Jim and Frank and their Martian companion, Willis.. "You better wise up, you tree-humping nitwit," Rudy advised Junior, grabbing the bed railing as if he might tear it off and use it to club his son-in-law senseless..Dr. Salk returned the photos, put a hand on Paul's shoulder, and smiled. "But that's always the way, you see? Heroes always get back more than they give. The act of giving assures the getting back."..Outside, he turned to look at the display windows. He expected to see the candlestick, supernaturally apparent only from this side of the glass, but it wasn't there. Throughout the autumn, Junior read book after book about ghosts, poltergeists, haunted houses, ghost ships, s'ances, spirit rapping, spirit manifestation, spirit writing, spirit recording, trance speaking, conjuration, exorcism, astral projection, Ouija-board revelation, and needlepoint..Continuing to avert his eyes from the battered face and the two tone eyelids, Junior found the keys in an exterior pocket of the sports jacket. The credentials were tucked in an interior pocket: a single-fold leather holder containing the shiny badge and a photo ID..The sign promised topless dancers. Although Junior had been in San Francisco for over a week, he had not yet sampled this avant-garde art form.. "If you're a dowser, better dowse," said Licky, coming up alongside him and looking sidelong into his face. "And if you're not, you'd better dowse all the same. That way you'll stay above ground longer."..Because she'd enjoyed some limited use of her right arm, it was less wasted than her left, although not normal. Paul pulled down that sleeve of her pajamas..Bartholomew might be a teenager living with his parents or a dependent adult residing with family; if so, he wouldn't be revealed in this search, because the phone would not be listed in his name. Or maybe the guy loathed his first name and never used it except in legal matters, going by his middle name, instead..On the other hand, one needed to believe in something. Junior didn't clutter his mind with superstitious nonsense or allow himself to be constrained by the views of bourgeois society or by its smug concepts of right and wrong, good and evil. From Zedd, he'd learned that he was the sole master of his universe. Self-realization through self-esteem was his doctrine; total freedom and guiltless pleasure were

the rewards of faithful adherence to his principles. What he believed in--the only thing he believed in--was Junior Cain, and in this he was a fiercely passionate believer, devout unto himself. Consequently, as Caesar Zedd explained, when any man was clearheaded enough to cast off all the false. This didn't work for Junior. Strangely, when he focused on a mental image of any fruit--apple, peach, banana--his thoughts drifted to sex. He became aroused and had no hope of clearing his mind. "No, the monster lives in there," Barty said, which was a joke, because he'd never suffered night frights of that--or any--sort. From his first birthday to his third, Barty made worthless all the child-care and child-development books that a first-time mother relied on to know what to expect of her offspring, and when Barty grew and coped and learned according to his own clock. WALLY HAD NOT gone home with Death, but they had definitely been at the dance together. Dropped, the wineglass had shattered. But the bottle of Merlot had survived again, rolling across the vinyl-tile floor until it bumped gently against the base of a cabinet. Along the hall to his room. Fast and low through the doorframe. Wary of the closet door standing two inches ajar. "He's here as sure as I am, Barty. He's very busy, with a whole universe to run, so many people to look after, not just here but on other planets, like you've been reading about." Dishes dried and put away, Jacob retired to the living room and settled contentedly into an armchair, where he would probably become so enthralled with his new book of dam disasters that he would forget to make luncheon sandwiches until Barty and Angel rescued him from the flooded streets of some dimly unfortunate town. Instead of gaping at her as though she had been possessed by an inarticulate demon, Wally urgently fumbled a small box out of his jacket pocket and blurted, "Will you marry me?". Edom did as asked. Then he cut the deck into two approximately equal stacks when requested to do so. "If I had a wife, she wouldn't feel too lucky. I'm not of the persuasion that wants a wife, dear." "I can't sleep half the time," Deed said, twisting the baseball cap in his hands. "I've lost weight, and I'm so nervous, jumpy." No matter. He was a future-focused, focused man. The past is for losers. No, wait, humility is for losers. "The past is the teat that feeds those too weak to face the future." Yes, that was the line from Zedd that Junior had stitched on a needlepoint pillow. A MOMENTOUS DAY for Celestina, a night of nights, and a new dawn in the forecast: Here began the life about which she'd dreamed since she was a young girl. Because you can walk in the rain without getting wet, because you walk in SOME OTHER PLACE, and God knows where that place is or whether YOU COULD GET STUCK THERE somehow, get stuck there AND NEVER COME BACK, and if you can do this, there's surely other impossible things you can do, and even as smart as you are, you can't know the dangers of doing these things--nobody could know--and then there are the people who'd be interested in you if they knew you can do this, scientists who'd want to poke at you, and worse than the scientists, DANGEROUS PEOPLE who would say that national security comes before a mother's rights to her child, PEOPLE WHO MIGHT STEAL YOU AWAY AND NEVER LET ME SEE YOU AGAIN, which would be like death to me, because I want You to have a normal, happy life, a good life, and I want to protect you and watch you grow UP and be the fine man I know you will be, BECAUSE USE I LOVE YOU MORE THAN ANYTHING, AND YOU'RE SO SWEET, AND YOU DON'T REALIZE HOW SUDDENLY, HOW HORRIBLY, THINGS CAN GO WRONG. Tossing the knave onto the table, Agnes said, "Barty doesn't seem too impressed with this devil." FOR THE BETTER PART of a week, on doctor's orders, Agnes avoided stairs. She took sponge baths in the ground-floor powder room and slept in the parlor, on a sofa bed, with Barty nearby in a bassinet. Swift and yellow, Angel flew to her mother, grabbing at one of the bunched drapes as if she might hide behind it. For a moment, none of them spoke. The silence was as flawless as the preternatural hush reputed to precede the biggest quakes. These would no doubt be cloyingly sentimental paintings of the bastard boy, with impossibly large and limpid eyes, posed cutely with puppies and kittens, pictures better suited for cheap calendars than for gallery walls, and dangerous to the health of diabetics. "Our little girl's going to walk backward her whole life if you drive in reverse all the way to the hospital." This trick, however, was far more difficult than walking where the rain wasn't. Sustaining vision took both a mental and physical toll from him. In the kitchen, he fussily avoided the blood and stepped around Victoria to switch off both ovens. He killed the gas flame under the large pot of boiling water on the cook top. Junior had no idea who the driver of the Buick might be, but he hated the tall lanky son of a bitch because he figured the guy was humping Celestina, who would never have humped anyone but Junior if she had met him first, because like her sister, like all women, she would find him irresistible. He felt that he had a prior claim on her because of his relationship to the family; he was the father of her sister's bastard boy, after all, which made him their blood by shared--progeny. "Worlds," ventured Jacob, "in which that oil-tank truck never stopped on the railroad tracks in Bakersfield, back in '60. So the train never crashed into it and those seventeen people never died." Thus began the first day of the last weekend of their old lives. Maria visited on Saturday, sitting in the kitchen, embroidering the collar and cuffs of a blouse, while Agnes baked pies. He lived high, on Russian Hill, in a limestone-clad building with carved Victorian detail. His one-bedroom unit included a roomy kitchen with breakfast nook and a spacious living room with windows looking down on twisty Lombard Street. The lid of the cooler wasn't on as tight as it ought to have been. From around one edge slipped a thin and sinuous stream of smoke. Something on fire. ROCKING AS IF AFLOAT on troubled waters, abused by an unearthly and tormented sound, Junior Cain imagined a gondola on a black river, a carved dragon rising high at the bow as he had seen on a
